Notes:

- The main difference between Full service packing and loading to Partial service is the labor packing of all boxes and wrapping of all furniture with paper pads (which will be provided by us) and when full service and when partial service, customer pack all boxes and labor wrap furniture with paper pad which will be provided by us.
- When we place an order, we allow time for the crew to pack and get ready before the truck/container shows up (for example, for a FULL SERVICE Origin service for a 20' Container, we allow 4-6 hrs of packing time for a crew of 4 men to get ready for the container arrival – see estimated time column based on our experience)
- When customer also have a car to be loaded on to the container, please download and follow up on car loading/unloading instructions from our website. (Some equipment and tools are necessary)
- **All Forms, documents and instructions can be downloaded on our website www.morganshipping.com/help/forms-documents**
- Each quote will be confirmed independently in writing before reservation is confirmed.

We appreciate your interested and hope that we can build a long-term working relationship.

If you have any questions, please contact us to further discuss opportunities.
